

Drivers Needed by Junior Blind Group

An urgent appeal for help has just been issued by the Foundation for the Junior Blind for volunteers with cars who are willing to give a few hours of their time to drive blind children to the Foundation's headquarters.

man Kaplan, founder and executive director of this non-profit organization which serves blind children between the ages of 6 and 21, from all over Los Angeles County. "Drivers are desperately needed on Fridays and/or Saturdays to transport our blind children from their homes to our Foundation at 4005 Wilshire Blvd., Los Angeles. Volunteers are under no obligation to do this any set number of times. Once a week, once a month, or even once every other month... every little bit helps," according to Kaplan. "There are many blind children in the Torrance area who would like to use the Foundation's facilities but have no way of getting here," he said. "We have an excellent program of recreational classes to offer these children... classes in woodshop, poise and personal grooming, ham radio, cooking, judo, arts and crafts, music, dance and many other activities designed to widen the scope of these children's lives. An extremely capable teaching staff is willing and waiting to instruct these children, but without volunteers to drive them, we have no way of getting these youngsters to our Foundation. Consequently, they will be left to sit at home "in a world of darkness." Open for business by Ruel Moulton is a new real estate

This area is setting the pace for the artistic. Whatever your cup of tea in this field of art and music, Tempo will accept the challenge. . . . Come with me. . . . Tempo promised something special so . . . come along with me . . . to the Artists' Co-op Gallery in Redondo Beach . . . and meet Rosemary Dumas (who is the Intermedia between the Artists and the Public). Rosemary is a gal who knows the Artists and reflects a warm personality that is evident when entering The Gallery.

For Tempo . . . it was like coming home. (San Francisco Area . . . that is) First of all let us clarify the word CONTEMPORARY in art. Rosemary had the answer, but fast. "Contemporary painting is the development of the Artist in their ERA, influenced by THEIR own personality and ideals. It is not a particular school of thought. It is stimulated by OUR time. The effects of living in this particular time. NOW . . .

Foot note: One of Rosemary's reflections on Life and time will be printed in this column in near . . . near . . . future.

An Artist who will undoubtedly be acclaimed for his searching for THE TRUTH. . . . There are sixteen paintings represented here. . . . One that TEMPO came back to many times, was an untitled painting done in GOUCHE (water media). YOU will recognize it too . . . Quiet muted tones, then clear red, quiet white, with a coolness of the distant blue. . . . For a brief moment YOU are there, taking a walk with the two in the painting. . . . This is a rarity. . . . Vibes King Terry Gibbs Slated at Santa Monica Civic Auditorium

Terry Gibbs, King of the Vibes, will bring his band to Santa Monica Civic Auditorium, Sunday night, April 9. The Gibbs aggregation will be one of five top Big Name Bands who will appear on the bill for the benefit of Synanon House, in Santa Monica.

Gibbs is known as a "musician's musician," having won the Downbeat and Metro Home Awards five times. He is also one of Mercury Records' top selling artists.

A native of Brooklyn, Gibbs broke into show business when he won a major Bowes Amateur Contest, at the age of eleven. He next tried boxing, but soon gave that up to make music his life's work.

Gibbs has played with many of the nation's important bands, including those led by Benny Goodman, Woody Herman, Buddy Rich, Johnny Long and Bobby Sherwood.

The April 9th jazz show is co-sponsored by Concerts, Inc., Downbeat Magazine and the American Federation of Musicians Local 47.
